Description

Electric wire rope winch KDJ

The KDJ electric wire rope winches offer a reliable and powerful solution for lifting and pulling loads in industrial facilities, workshops, warehouses, and construction sites.

They are designed for demanding working conditions where strength, precision, and safety are essential.

Each electric wire rope winch is equipped with a 30-meter steel wire rope, a powerful 380V three-phase motor, and a wireless remote control for safe and easy operation.

When using a pulley, the lifting capacity doubles while the usable rope length is halved.

The robust construction ensures a long service life and reliable performance with minimal maintenance.

KDJ electric wire rope winches are suitable for both vertical lifting and horizontal pulling, offering an excellent balance between performance and price.

Thanks to their efficiency and safety, KDJ electric wire rope winches are an ideal choice for professional industrial use.

Technical specifications:

KDJ 500/1000

Lifting capacity: 500 / 1000 kg

Wire rope length: 30 m / 15 m (with pulley)

Lifting speed: 16 / 8 m/min

Voltage: 380 V / 50 Hz / 3 phase

Motor power: 1.5 kW

Wire rope diameter: 7.4 mm

Control: wireless remote control

KDJ 1000/2000

Lifting capacity: 1000 / 2000 kg

Wire rope length: 30 m / 15 m (with pulley)

Lifting speed: 16 / 8 m/min

Voltage: 380 V / 50 Hz / 3 phase

Motor power: 3.0 kW

Wire rope diameter: 11 mm

Control: wireless remote control

KDJ 1500/3000

Lifting capacity: 1500 / 3000 kg

Wire rope length: 30 m / 15 m (with pulley)

Lifting speed: 16 / 8 m/min

Voltage: 380 V / 50 Hz / 3 phase

Motor power: 4.5 kW

Wire rope diameter: 13 mm

Control: wireless remote control

KDJ 2500/5000

Lifting capacity: 2500 / 5000 kg

Wire rope length: 30 m / 15 m (with pulley)

Lifting speed: 16 / 8 m/min

Voltage: 380 V / 50 Hz / 3 phase

Motor power: 7.5 kW

Wire rope diameter: 15 mm

Control: wireless remote control

KDJ 5000/10000

Lifting capacity: 5000 / 10000 kg

Wire rope length: 30 m / 15 m (with pulley)

Lifting speed: 14 / 7 m/min

Voltage: 380 V / 50 Hz / 3 phase

Motor power: 13 kW

Wire rope diameter: 18 mm
Control: wireless remote control

Warranty card
Warranty conditions

The warranty period begins on the date of sale and is valid for 12 months, unless otherwise stated for a specific product.

The company IKI-PRO doo (hereinafter referred to as the "importer") guarantees the buyer flawless operation within the warranty period of 12 months from the delivery of the product, unless a longer warranty period is legally stipulated for the product.

To claim the warranty, the buyer must present the invoice and warranty card for product identification.

In the event of any intervention in the machine without the importer's approval, the warranty will be void. The exception is the procedures specified in the instructions for use, if carried out in accordance with the instructions.

The warranty is only valid if the machine is used correctly and as permitted.

The warranty is valid only in the Republic of Slovenia.

The warranty does not apply to:

- Errors resulting from improper handling (e.g. procedures not specified in the instructions for use).
- Defects resulting from repairs, modifications, improper cleaning, etc., carried out by unauthorized persons.
- Damage resulting from fire, earthquake, flood, lightning, other natural disasters or a polluted environment.
- Defects resulting from negligent or improper storage (high temperature, humidity) or lack of maintenance.
- Defects resulting from wear and tear.
- Faults resulting from foreign objects entering vital parts of the machine.
- Cases where there are any changes to the purchase date,

buyer's name, seller's name or serial number on the warranty card.

- Inadequate transportation by the buyer (e.g. damage to the product after receipt, exposure to moisture, condensation, rain, snow, hail or improper handling of the product).
- Batteries are not covered by the warranty. Their lifespan depends on the way they are used, charged, discharged and stored, which the manufacturer or seller cannot influence.

Warranty claim:

The warranty applies to the free delivery or replacement of spare parts at the IKI-PRO doo location if the defect occurred within the warranty period.

The buyer is responsible for the delivery and collection of the product at the company's headquarters at their own expense and responsibility. The seller does not guarantee the collection or delivery of the machine under warranty.

The warranty does not cover any costs or financial losses incurred by the buyer due to a malfunction or failure of the machine.

The seller's liability under the warranty is limited solely to the repair or replacement of the machine (if repair is not possible). The seller is not liable for any other damage or loss incurred by the buyer due to a malfunction of the machine.

If the seller and the buyer agree in writing, the seller may send replacement parts to the buyer, who will replace them at his own risk.

If repair of the product is not possible within a reasonable time, the seller and the buyer shall mutually agree on further options, such as product replacement, refund or other appropriate solution.

Exceptions and application of warranty conditions:

These warranty terms apply to all products, except in cases where a specific product is stated differently on the website in the "Warranty Terms" tab or if the product does not have a "Warranty Terms" tab due to its nature. If a product is not covered by a warranty or if a different warranty term is published for the product (e.g. "B2B Warranty Terms"

or "Manufacturer's Warranty"), the terms stated in the tab for the specific product apply.

For products for which the law provides for a mandatory warranty, minimum warranty periods and conditions apply in accordance with applicable regulations. In such cases, these warranty conditions apply only if they do not conflict with legal requirements.

Manufacturer's warranty:

For products for which the manufacturer provides a warranty, warranty obligations are implemented exclusively under the conditions specified by the manufacturer. IKI-PRO doo does not assume responsibility for fulfilling the manufacturer's warranty obligations. In such a case, each product has a "Manufacturer's Warranty" tab.

Voluntary nature of the guarantee:

For products not covered by a legally binding warranty, this warranty is voluntary . The importer voluntarily undertakes to remedy defects under certain conditions and does not assume the obligations that apply to legally prescribed warranties.

A factual error in B2B purchasing:

For customers purchasing as a business (B2B), the deadline for claiming a material defect is 7 days from receipt of the product . After this deadline, material defects can no longer be claimed. The buyer is obliged to check the product upon receipt and report any defects immediately.

Additional clarification:

These general warranty terms apply to all products, unless otherwise stated for each product in the "Warranty Terms" tab (e.g. "B2B Warranty Terms" or "Manufacturer's Warranty"). Buyers are required to check the warranty terms stated for each product before purchasing.

The stated warranty conditions are a translation of the original warranty conditions published in the Slovenian language. We accept the possibility of translation errors. In such a case, the context of the original warranty conditions applies.
