

# Roller track 1000 mm

Product Code: 0492  
Availability: In Stock

Price: 193.98€

Ex Tax: 159.00€

## Description

Roller track 1000 mm IKI-PRO is the perfect solution for feeding material to metal bandsaws and other metalworking machines. It ensures smooth workpiece movement, easier positioning during cutting and improved productivity in workshops and production.

The sturdy design guarantees stability and long service life, while the adjustable height allows perfect adaptation to different machines and working processes. The roller track is easy to use, requires minimal maintenance and is suitable for intensive work.

## Features:

- Roller diameter: 60 mm
- Table size: 1000 × 410 mm
- Operation height: 650–1100 mm
- Max load: 800 kg
- N.W. / G.W.: 31 / 33 kg
- Package size: 1090 × 480 × 180 mm
