

Roller track 2000 mm

Product Code: 0493
Availability: In Stock

Price: 242.78€

Ex Tax: 199.00€

Description

The 2000 mm IKI-PRO roller track is built to support material handling for metal bandsaws and other cutting machines. It ensures precise movement of workpieces, improving cutting accuracy and reducing manual effort.

The solid frame provides stability, while the adjustable height allows seamless integration with different machines. With simple operation and minimal maintenance, it is well-suited for continuous industrial use.

Features:

- Roller diameter: 60 mm
- Table size: 2000 × 410 mm
- Operation height: 650–1000 mm
- Max load: 800 kg
- N.W. / G.W.: 40.5 / 41.5 kg
- Package size: 2060 × 480 × 180 mm
