

Roller track 3000 mm

Product Code: 0494
Availability: In Stock

Price: 364.78€

Ex Tax: 299.00€

Description

The 3000 mm IKI-PRO roller track is designed for handling longer workpieces and is perfect for metal bandsaws as well as other cutting machines. It allows smooth material feeding, improves cutting precision and reduces manual effort.

The heavy-duty frame ensures durability, while the adjustable height makes it adaptable to different machines. With very low maintenance needs, it is a reliable choice for demanding workshop conditions.

Features:

- Roller diameter: 60 mm
- Table size: 3000 × 410 mm
- Operation height: 650–1000 mm
- Max load: 800 kg
- N.W. / G.W.: 53 / 55 kg
- Package size: 3060 × 560 × 180 mm
